Innovative catalogue management.

Always up-to-date thanks to Product Information Management (PIM).

As the market leader for commercial vehicle replacement parts in the independent after-market, clear, accurate product information is crucially important for PE. The high quality, centralized product database allows flexible, automated production of catalogues, coupled with comprehensive up to date information about the complete PE product range via the eCatalogue.

Further characteristics of the eCatalogue include:

- Clear layout
- Simple parts search
- For all common European commercial vehicles and axles
- Clever filtering and search options
- Display of additional items
- Context-sensitive graphics with linked individual
