Innovative catalogue management.

Always up-to-date thanks to Product Information Management (PIM).

As the market leader in IAM for commercial vehicle replacement parts, efficient product communication plays a decisive role for PE. The high performing and centralised product database enables, on the one hand, flexible and automated production of the catalogue, yet on the other hand, it also constantly provides current and comprehensive product information regarding the entire PE product range in the eCatalogue.

Further characteristics of the eCatalogue include:

- Clear layout
- Simple parts search
- For all common European commercial vehicles and axles
- Clever filtering and search options
- Display of additional items
- Context-sensitive graphics with linked individual
